● About the Service

In Nomi city, we provide a service that sends fire information etc. via email to mobile phones and PCs registered in advance so that citizens can receive disaster information promptly and accurately. Please use it as a means of information acquisition at the time of disaster.

● Registerable Devices

Any devices with email function.

● To Change Subscription Content

1. Access the link at the end of the received mail after registration.
2. Press "Change Your Details" and set to your preference.

● To Cancel Registration

1. Access the link at the end of the received mail after registration.
2. Press "Cancel Your Registration" and a deregistration complete email will be received.

● To Change Registered Email Address

Please unsubscribe the old email address, and then register with a new email address.

● Precautions

- Although registration is free, the communication charge required when receiving e-mail, etc. will be charged.
- The service email will be delivered at anytime.
- Before registering with this system, please set up to receive email from " @raiden.ktaiwork.jp ".
If you do not know how to set it up, please contact your mobile phone provider.
